Dear Brundy,

I wanted to thank you for the stone work that your company installed on the new Main Office of First Bank of Georgia.

When planning our new Main Office, our goal was to build a facility that was physically attractive and functionally useful, while embodying a sense of tradition, strength and security. Your work certainly contributed to the success of this goal and I receive daily comments about the beauty and quality of your work.

Thanks again for a great job and please call on me if I can ever be of service.

Sincerely,

Remer Y. Brinson III
