Re: DiBrizzi Residence
Loggia Renovation

Mr. Pursley,

I wanted to take the opportunity to praise Piazza Stone for the wonderful balustrades and columns supplied for the DiBrizzi residence. We searched for months to find the best combination of craftsmanship, durability and weight without sacrificing classical details for the restoration of a loggia in the Historic Hudson Valley, Piazza Stone was the perfect fit. I was very pleased with the end result and I'm sharing with you some pictures of the finished installation. Again, we appreciate your attention to detail and look forward to working with Piazza Stone on future projects.

Sincerely,

Giovanni Palladino, AIA
Architect
