Augusta, GA 30907

Brundy,

I just wanted to say how pleased we are with your Piazza Stone and Plaster products used on our Stevens Creek Road Professional Office Building. I have had numerous compliments on the building many citing your product, which definitely gave the building the "cast stone" look we wanted while meeting our stringent budget.

I was equally impressed with your installation team and the pride they took in the project. They were always concerned that we were satisfied with the installation process and the final result.

I appreciate all your efforts to make our project a success. Please do not hesitate to use me as a reference. We look forward to using Piazza Stone and Plaster on our future projects.

Sincerely,

Chris Garrison  
General Manager
